- If the size is not mentioned in the price list, please mail us the inquiry and we will quote you for the same.
- We also make customized flanges from drawings.
- Prices may increase if the order quantity for any single size is less than 50 number.
- The above price is for each pcs.
- The prices listed above are valid until December 30th, 2023.
- Any testing, finishing, or coating will incur extra costs.
- The prices listed above are ex-works in Mumbai; shipping charges are extra and depend on order quantity.

## Looking for AISI 304L BLRF and SORF flanges Price per kg in India contact KK industries

### How sizes and pressure rating of stainless steel 304l flanges affects its pricing?

When viewing from the customer point of view, it is often confusing for them to determine SS 304l flange price per kg.

There are some suppliers that might charge very high, and some charge very underrated price. There might be suppliers who do not even mention or refer to the customers about the available size range and pressure ratings.

These factors play major role as both pressure condition and wide range of sizes have their unique capabilities. Based on these, manufactures quote stainless steel 304l flanges price list.

For instance, if the customer wants the weld neck flanges in bulk amounts with thickness being high, stainless steel 304l weld neck flange price list is different. For the smaller width of flanges, it is different.

To eradicate such scenarios completely, K.K. Industries warmly welcomes you. Here we equip our customers with the:

- Pricing quoted which are affordable and reasonable.
- ASTM A182 F304l blind flange price are thoroughly specified by us, so that customers can get in depth idea. Then they take decision that meets their requirements.

### K. K. Industries (Manufacturer of Pipe fittings and Flanges)

- Industries or customers that demand for blind flanges, ASTM A182 F304I blind flange price are also provided.
- Along with this, we also equip our customers with the testing certificates along with list of prices. So along with the customer confidentiality and comfort, product genuineness is also achieved.
- If the customer still gets confused, we often provide them with some samples to use. Once the customer starts using the flange, they get clear picture about the products.
- No need to worry on the specifications of pressure and size of the flange, as they are mentioned following ASTM A182 material standards.

Until today, many companies and customers have shared their issues especially regarding the pricing factor. But we have assured them with the best quality services.
